Figure 10: A network diagram showing the relationships between the six groups (A6, B6, C6, D6, E6) and the six groups (A6, B6, C6, D6, E6). The diagram is a complex web of connections, with nodes representing the groups and edges representing the relationships. The nodes are arranged in a circular pattern, with A6 at the top, B6 at the top-left, C6 at the top-right, D6 at the bottom-right, E6 at the bottom-left, and M at the bottom. The edges are labeled with numbers (1, 4, 6) and letters (A, B, C, D, E, M). The diagram illustrates the intricate connections between the groups, with A6 being the central node and M being the peripheral node.
